What This Course Is About

This course provides an introduction to technology concepts and current trends in IT. Topics include foundational concepts across various IT domains such as, but not limited to, artificial intelligence, database fundamentals, programming principles, and web development. Upon completion, students should be able to demonstrate knowledge in core IT areas and apply skills critical for their academic and professional success.

What You'll Learn: Student Learning Outcomes

Upon completion of this course, you will be able to:

- Demonstrate an understanding of the strategic role of Information Systems and Technology (IS/IT) in organizational success
- Apply foundational IS/IT principles and emerging technologies to develop informed decision-making and problem-solving skills
- Assess the evolving role of IS/IT professionals and the IS discipline as a career pathway

What You'll Need: Textbook & Materials

Eagle Advantage is Wake Tech's textbook program for students in degree programs, excluding Career & College Promise (CCP) and Cooperative Innovative High School (Early College) students. The program ensures all required printed and digital textbooks are bundled and ready for pickup or delivery on or before the first day of class - saving you time and money and ensuring you're ready to learn on Day One.

If you are opted-in to Eagle Advantage, visit the 'Course Materials-BibliU' link in Blackboard for more information about the textbook details for your course. You can also find out more information by visiting FAQs and Troubleshooting BibliU (https://support.bibliu.com/hc/en-us/sections/360004011038--FAQs-and-Troubleshootin)

If you opted-out of Eagle Advantage, you are responsible for purchasing any of the required texts/materials for this course. For more information about Eagle Advantage, contact our Bookstore (https://www.waketechcampusstore.com/SelectTermDept)

✶ How I Will Help You Succeed: Instructor Policies & Procedures

How to Succeed in This Class

Students who are prepared to learn, participate in activities, complete assignments, and have good study habits will succeed in this course. Please be realistic about your course load and other obligations that require your time to ensure you have a good work-life-school balance.

Communication Expectations

When emailing, please be sure to include your course and section number. Please use your provided my.waketech.edu e-mail account for all school-related correspondence. Due to security concerns, any emails from a personal account may not be delivered successfully.

Email/Teams response time: During the work week, I will reply to emails within 24 hours. *If I do not respond within 24 hours, please contact me again to follow up.*

Emails or Teams messages sent after 5pm on Friday will be answered on the following Monday. Emails or Teams messages sent during days when the College is closed will be answered first business day after the closure.

Attendance

Attendance is key for your courses here at Wake Tech! We expect you to be in attendance for at least 90 percent of all scheduled class meetings. If you miss more than 10% of scheduled classes/activities, have not communicated with your instructor, and you're not currently passing, you may be withdrawn

from the course. Additionally, if you are not present or active for 2 consecutive weeks of class, you will be withdrawn by the instructor.

Late Work Policy

Each assessment will come with specific instructions for completion. It is your responsibility throughout the semester to keep up with your course work. It is not the responsibility of the instructor to advise you of missed work during the term or the last week of the term. Exercises that are submitted late will have 10% deducted for each day late.

Exams or quizzes must be taken on the assigned date; otherwise, a grade of zero will be assigned. Any exception to this policy must be the result of a documented emergency or prior arrangement with the instructor. Unfortunately, there are no exceptions to this rule. Any prearranged make-up exams must be taken prior to the scheduled exam date.

📶 How the Division Will Help You Succeed: Division Policies & Procedures

Process for Expressing Concerns about the Course

1. Please discuss concerns with your instructor first.
2. If your concerns are not resolved, you may contact the Department Head or Program Director of the department.

General Division Questions

For general questions regarding the Information Technology Division or assistance with program resources, students may contact Associate Dean Emmie Mercer at ermercer1@waketech.edu for guidance or referral to the appropriate department.
